2. (Secret - JMM) During the day made several calls to Ed Braswell (Chief Counsel, Senate Armed Services Committee), Frank Slatinshek (Chief Counsel, House Armed Services Committee), Guy McConnell (Clerk, Senate Appropriations Committee) and Ralph Preston (Senior Staff Member, House Appropriations Committee), keeping them informed on developments in Chile.

3. (Unclassified - JMM) Called the office of Representative Edward Derwinski and, in his absence, left word for him to call me back at his convenience regarding the briefing he requested for himself and Senator Robert Stafford concerning their possible attendance at the Interparliamentary Union session in Santiago.

4. (Secret - GLC) Met briefly with Ed Braswell, Senate Armed Services Committee staff, and left with him copies of Volumes I and II of the OSR publication on Soviet Defense Expenditures. There is a chance that an amendment restricting CIA's domestic activities will be offered to the military procurement bill when it comes up for action on the Senate floor and he would like a talking paper from us on this subject for the Chairman's use in the event such an amendment is offered.

At his request, met with Jack Ticer, Senate Armed Services Committee staff. He gave me a copy of the page proofs of the Colby confirmation hearings and asked if we would check on several items in the transcript which appeared to be incomplete or required correction. I told him that we would review the transcript, correct these items and have it back to him in the next few days.
